REVIEWS

I was lucky enough to travel to Exmouth (Ningaloo) and Coral Bay with Rita, WOW, what an amazing experience. Swimming with whale sharks, giant mantas, seeing humpback whales, dugongs and so very much more (we were lucky enough to see orcas close up). The snorkeling is remarkable. Rita organised the trip to perfection, her knowledge and passion for the ocean and sea creatures is undeniable. If you can fit it in, take the micro light flight over the canyons across to cruise above the turquoise waters above Ningaloo, simply breathtaking (I saw 6 whale sharks and four humpbacks – a once in a lifetime opportunity). This whole journey is truly an incredible experience, I wholeheartedly recommend it to you.

Sincerely Stephen

Rita provided lots of information about what was needed on the trip which really helped with the packing! For me it was one of the most amazing experiences I've ever had, it was truly incredible, to be so close to these gentle intelligent mammals was a real privilege and something I won't ever forget.

K

Once in a lifetime experience

The professionalism and personal touch provided by (Rita Kluge Tours) is what makes this Tongan whale swim so memorable. Rita ensures that each of her guests are safe, comfortable and happy. Her swims are divided into small groups so that only a few guests are in the water at a time, there is plenty of opportunity to take photos or just soak up the special moment. The skill of the guides and boat captain in finding the whales is uncanny and once found I really appreciated their respect and care for these beautiful creatures.

I had known Rita Kluge for a number of years, and when she mentioned she was organising a trip to Tonga to swim with Whales I jumped at the once in a lifetime opportunity to be with such magnificent creatures. I must say she had organised everything we could want with accommodation, food and even the dive boat which picked us up from the resort we stayed at. The Whales and the people were unbelievable to be with and made the trip memorable. Rita is extremely caring, scrupulously honest and is a competent health professional as well as an amazing Photographer.

JP

“I had the best holiday ever – I am still buzzing.”

Kate

“Rita Kluge is unlocking the mysteries of the deep blue sea.”

Daily Telegraph

“Rita Kluge whispers sweet nothings to whales and dolphins. We don't know what she says but they let her get up close and take the most incredible photographs.”

Love Local Avalon

“Sydney's very own whale whisperer.”

Courier Mail

In August, I was lucky to be able to join Rita Kluge on her incredible humpback tour in Tonga. Her unparalleled knowledge of the whales and Tongan waters, combined with her attentive care to our group's individual needs, made this once-in-a-lifetime experience even more special. Swimming alongside these majestic creatures was life changing.

ABOUT KLUGE TOURS

Rita is half Korean/German, a multi-awarded international photographer living in the Northern Beaches, Sydney. Join one of her incredible underwater adventures to share her passion from the underwater world.

When home from traveling, she looks after her trusted clientele as a Physiotherapist/Osteopath or shares her stories of adventures with exhibitions or lectures.

Her great passion is capturing wildlife and nature.

'Tears of the Sea' was self-published by Kluge 2018. A book of 128 pages sailing to Antarctica capturing apex predators and incredible nature from above and under the ice.

Rita enjoys working with charitable organisations foremost to spread awareness and to help keep our oceans clean and protect the life they hold. Being from Germany with no ocean in sight she is over the moon to be able to have found her passion in photographing the ocean and wildlife.
